NEW 2026

Tranquil-U Series

All-in-one condensate pump

Product Features

All-in-One Design
Pump, reservoir and sensor in one slim unit.

Install It Your Way
Mount horizontally or vertically to fit the space.

360° Water-Level Detection
Capacitive sensing in either mounting orientation.

Adaptive Flow Control
Pump output adjusts to incoming condensate.

Quiet by Design
Smooth, demand-based operation keeps noise low.

Diagnostic LED
Check operating status and diagnostics at a glance.

4 Installation Options
